## EXHIBIT INDEX

Exhibit No.	Description
Exhibit 99.1	Press Release dated January 8, 2019

**ELLINGTON FINANCIAL LLC REPORTS ESTIMATED  
BOOK VALUE PER SHARE AS OF DECEMBER 31, 2018**

OLD GREENWICH, CONNECTICUT, January 8, 2019—Ellington Financial LLC (NYSE: EFC) ("Ellington Financial" or the "Company") today announced that its estimated book value per share as of December 31, 2018 was \$18.95. Estimated book value per share takes into account a \$0.32 per share reduction caused by the redemption of convertible securities that the Company had previously issued under its equity incentive plans, in exchange for the distribution of equivalent securities issued by the Company's operating partnership. As a result of this redemption and distribution of convertible securities, which were made in connection with the Company's expectation to convert to a REIT, the Company's book value per share and diluted book value per share are now equal. Estimated book value per share is subject to change upon completion of the Company's month-end valuation procedures relating to its investment positions, and any such change could be material. There can be no assurance that the Company's estimated book value per share as of December 31, 2018 is indicative of what the Company's results are likely to be for the three month period or year ending December 31, 2018 or in future periods, and the Company undertakes no obligation to update or revise its estimated book value per share prior to issuance of financial statements for such periods.
