

## Ellington Financial Inc. Completes \$219.7 Million Non-QM Loan Securitization

November 2, 2020

OLD GREENWICH, Conn.--(BUSINESS WIRE)--Nov. 2, 2020-- Ellington Financial Inc. (NYSE: EFC) (the "Company") announced today that it has closed a \$219.7 million securitization backed by a pool of non-qualified residential mortgage ("non-QM") loans. The Company originally acquired the vast majority of the non-QM loans from LendSure Mortgage Corp., a mortgage originator in which the Company holds a strategic equity investment.

"I am very pleased with the execution of this securitization of non-QM loans, our second this year," said JR Herlihy, Chief Financial Officer of the Company. "Following the challenges of the spring, LendSure has done an extraordinary job restarting its loan production, and the performance of LendSure loans continues to be excellent. The pipeline of high-quality non-QM loans from LendSure continues to be an important driver of earnings for Ellington Financial, and we look forward to continuing to grow this origination business together."

The securitization was rated by both Fitch and KBRA, with the senior tranche receiving AAA ratings. The Company retained certain tranches of the securitization in order to comply with credit risk retention rules, and also retained the option to call the securitization at any time following the optional redemption date.
